Our Mission

The mission of Girls Inc. is to inspire all girls to be strong, smart, and bold.

Girls Inc. of Tarrant County equips girls to navigate gender, economic, and social barriers to grow up healthy, educated, and independent. Girls build confidence and embrace positive decision-making to take charge of their health and well-being and achieve academic, personal, and career goals.

The Girls Inc. Experience consists of people, environment, and programming that, together, empower girls to succeed. The people are trained staff and volunteers who build lasting, mentoring relationships, and peers who share their drive and aspirations. The environment is girls-only, physically and emotionally safe; there is a sisterhood of support, high expectations, and respect. The research-based programming is hands-on, minds-on, and meets the needs of today's girls to provide age-appropriate information and knowledge so girls make decisions leading to healthy lives and succeed academically, and develop life skills to prepare for adulthood.

We educate, equip, encourage, and empower girls to reach their full potential and prepare for the future. Through evidence-based programming and advocating for girls and their futures, we strive to reduce barriers in girls' lives that stem from the violence, poverty, and inequity they encounter in their home, school, relationships, community, or online. Girls Inc. inspires all girls to be strong, smart, and bold.
